

Affiliate Program

1. What is an Affiliate Program?

An affiliate program allows one website to refer visitors to another website that is selling a product and get credit for any product that is purchased on that website from the referred visitors. So, in the case of our affiliate program, you link to our product or home page from your website, and we pay you a commission from each sale from the visitors you send us!

2. How do I activate Affiliate Program?

*** If there is no account in Database mart.**

- b. Billing team will help you create an account and send the billing account information to you.
- c. Then, you can follow these steps to activate affiliate program.

(If you are a current active client of DBM already, please follow steps directly.)

3. Why should I sign up for your program?

Your customers will benefit from Database Mart huge selection of unique products and excellent customer service.

You will also make commissions for the referral. Your visitors will be thrilled that they got such a helpful referral from you! It makes you look great and earns you cash.

4. Is there any cost to become an affiliate?

No, it's a free program.

5. How much do you pay in commissions?

- a. If your referred client purchases a plan successfully and keeps it active for over **60** days, we will add **\$10** commissions to your affiliation account.
- b. The more your referred client purchases plans, the more you will get commission.

6. How often do you pay your affiliates?

Commissions become available for payment once the total earned reaches **\$10**. Payments are made by either **credits balance** or via **PayPal**. Payment requests can be made by sending an email to billing@databasemart.com.

7. What sort of tools do you provide to your affiliates?

We provide example link types, banner ads, button images, text links, e-mail copy & suggestions on how to best sell our services.

8. How do I link to your site once I'm an affiliate?

After you sign up and are accepted, you will be able to log-in and see examples on how to link to us. It's very easy.
